

**THE WREXHAM SUPPORTERS TRUST IS WORKING WITH SUPPORTERS DIRECT AND COBBETTS TO SECURE A BETTER FUTURE FOR WREXHAM FOOTBALL CLUB, OUR FOOTBALL CLUB. TO DO THAT, WE NEED YOUR HELP. HERE'S HOW...**

The Trust intends to issue a share offer document to enable supporters to buy community shares in the Society which will help fund the Society's proposed acquisition of Wrexham FC and provide working capital to become a successful sustainable club. The Trust has set up an escrow account to hold funds which it is intended will be used for this purpose.

The Society is currently conducting financial and legal due diligence on Wrexham FC 2006 Ltd and is in ongoing negotiations with Wrexham Village, its parent company to agree the assets and liabilities which will be acquired and the cash flow requirements going forward.

The finalisation of these discussions could result in changes being made to exactly what the Society would purchase.

When the proposed share offer is issued, the Society will let you know exactly what it proposes to purchase. If at that point you are unhappy with what the share offer proposes, you can request the return of your money in the manner described below.

The share offer document which will follow will set out a detailed proposal and detailed terms. If you complete this application form, you will receive a copy of the document and be given an opportunity to apply to buy shares with the money you have paid into the escrow account.

To participate simply complete the form on the reverse of this page and transfer your money by cheque or bank transfer. The minimum payment is £250, the maximum £20,000.

However, if you wish to contribute more please contact WST as there are various ways in which a higher contribution could be accommodated. Please email [shares@wst.org.uk](mailto:shares@wst.org.uk) with your contact details and a Trust Board Member will call you within 24 hours to discuss.

If you have filled out a pledge form, we will be in contact over the next few weeks, although if you would prefer to contact us, that is completely fine as well. We are also still gratefully accepting any donations.
